 SBT Ver. 061315 (Corrected Drag info) 041915 (revised drawing)
 SBT Ver. 070415 (ADDED CLICKER NOTES)

CLICKER RELATED NOTES/PART CHANGE INFO

INSTALLATION:

To replace the click tongue on models where it is peened into place, use a dremel drill with a fine tip to remove the old click tongue and click button. Then peen the new 36-209 into place.

OPTIONAL:

Any reel that uses the 36-209 button can use:

36N-209 button and a 69B-600 removable c clip

This newer style is held by the clip instead of being peened in place.
